ANNOUNCEMENTS

COLONIAL THEATRE.
Neal of the Navy, Sensational Last Episode—Thrilling Climax.

To the countless throngs who have followed the mammoth battleship serial at the Colonial theatre for the last few months, the climactic episode will come as a supreme surprise to many, who have expected it to be different. It is perfectly satisfactory, however, that the surprise is just the same. Hernandez, up to the last moment in the wilds of the Lost Island, where he and Inez after their escape landed, only to find that it had been previously occupied and controlled by pirates who have worked the cinnamon mines to their great profit. They agree to give Hernandez control of the island in exchange for Inez. This is mutually agreed to, but at the moment of the exchange, Annette is seen hanging on an opposite shore of the island, and Hernandez decides to replace Inez with Annette to complete the agreement. Annette is captured and at the moment that the deal is about to be consummated, an unexpected event occurs, which radically changes the whole state of affairs. Just what this episode it would spoil your pleasure to tell here, so you must see it and rejoice with the whole of Neal's relations at the joyous outcome of this, the most successful and delightful of the up-to-date serials. This is the serial to which Secretary Daniels put his name was suggested, a wonderful tribute to the excellence and superiority of Neal of the Navy. This is the last event today.

Other superb films complete the bill as usual, and tomorrow Miss Ellis Hall, the famous ingenue of the Universal cast, will appear with massive support, in Jewels of the East, drama by Lois Weber, author of Hyacinths, adapted from Clara Louise Burnham's famous book by the same name. This latter is Wednesday.

INDIAN LIFE LECTURE.
Robert D. Hall Under Auspices of Norwich Indian Association.

Robert D. Hall, who will give an illustrated lecture at 8 o'clock next Friday evening in the Sacred Memorial under the auspices of the Norwich Indian Association, is pronounced by all those who have heard him a most fascinating speaker. He was born among the Mandan Indians on the banks of the Missouri river in North Dakota of missionary parents who are still working among the Indians. He was educated in Indian mission schools and then graduated from Oberlin college and seminary with degrees of B. S. and B. D. For a few years he was an assistant missionary to his father, Rev. C. L. Hall, D. D., and then assumed the superintendency of mission work among the Indians. He was educated in the Sioux language. He thoroughly understands Indian life and customs from having grown up among them. He speaks four different languages. For the last five years he has had charge of the rapidly developing work among the Indian young men in government schools and the reservations under the direction of the international committee of Young Men's Christian associations. This lecture is free and open to the public. The association hopes that all those interested in hearing of Indian life in X. M. C. A. work will avail themselves of the opportunity of listening to one who knows both so well and can relate it so entertainingly.

CATARH GERM

EASILY KILLED

Only Way to Cure This Disease is to Destroy Its Cause.

If you have catarrh and want to get rid of it, you must kill the germ which causes catarrh. Stomach, bowels, sinuses, sprays, creams, douches, etc., fail, because they do not reach the germ. They all help by giving temporary relief, but they do not reach the germ. The germ is in the folds of your head, nose, throat, and could not destroy it if it did.

The best known way of destroying the dangerous germs of catarrh and consequently ending the disease is to breathe into the air passages of your nose and throat the pleasant, penetrating air of Hymel (pronounced High-o-mel). Hymel is made from purest oil of Eucalyptus combined with other powerful, healing, and germicidal ingredients. You breathe it through a little pocket inhaler which little devices. These destroy the swollen, inflamed, germ laden membranes and open your clogged nose and stopped-up air passages. It is absolutely and permanently destroys every trace of catarrh germ life it reaches. Druggists are selling the blessed, healing, relief that Hymel brings to catarrh sufferers that they sell it. Inquire for Hymel and you will be a druggist today and begin at once to drive this dangerous and disgusting disease from your system forever.

THERE is no advertising medium in Eastern Connecticut equal to The Bulletin for business results.

A Few Cents And a Little Action

The Bulletin WANT ADS are not an expensive employment bureau. A few cents invested in the right kind of a "Help Wanted" ad usually brings quick and sure returns.

The cost of a three-line ad three times is 45c, six times is 90c, and one time is 15c.

No other way has ever been discovered of reaching so many people at so little cost. To send a one-cent card to the many readers of The Bulletin would cost dollars for postage alone.

It's quicker, better and cheaper to call 480, The Bulletin, when you have an ad. THE RESULTS take care of THE COST.
